STEM Science, Technology,
Engineering, Mathematics

Family STEM Night

Back by popular demand, we are having our Family STEM (Science, Technology, Engineering, and Math) at GGS on Wednesday, January 17th from 6:00-7:30 pm in our gymnasium. Families are welcome to come and experience hands on science activities and enjoy them at their own pace. We will also be having Food Roots come and have a tasting table and information available. Please plan on coming and enjoying one of the most loved family nights!

The cold is here!

Please send your child to school with his/her coat and wear appropriate clothing for the weather. Recess is outside unless it is raining.

Be Prepared - PE days are on Tuesdays, Wednesdays and Fridays

Please help your child remember to wear tight fitting tennis shoes on those days. This helps to prevent injuries from slipping and falling along with help with better movement while participating in good physical education. Thank you.

MEALTIME LUNCH PROGRAM

If you feel you would qualify for free or reduced lunches and have not applied you can do that online on the NKN website.

If your child was on the free/reduced lunch program last year – you **NEED TO REAPPLY** each year.

Please call the office if you have any questions regarding the lunch program at 503-322-0311.

Do YOU WANT TO

To participate in volunteering, going on **field trips** and helping in the Classroom, etc. it is district policy to have an approved volunteer application on file. Volunteer applications stay on file for three years. Applications are available in the office.
