#### **School District Mission Statement**

Through diverse educational opportunities, Neah-Kah-Nie School District, in partnership with the community, prepares students to become productive and responsible citizens for an ever-changing world

## Welcome

We would like to welcome you to Neah-Kah-Nie School District #56. Your school staff is looking forward to a productive year of teaching and learning together. This student handbook contains a great deal of useful information for students and families. We ask you to carefully review its contents now, and keep it handy for future reference during the school year. Many of your questions about our schools will be answered in these pages; however, we are always happy to hear from you when other questions or concerns may arise. We invite parents to contact their child's teacher or the school office at any time.

Of particular importance to parents is the Student Code of Conduct outlined on pages 18 & 19 and visitor/volunteer information on page 48 of this handbook.

Parents must understand that all students will be held accountable for the behaviors and consequences as described in the Student Code of Conduct at school during the regular school day, at any school-related activity regardless of time or location, and while being transported on district provided transportation. Students who violate the Student Code of Conduct shall be subject to disciplinary action as described. Parents' support in maintaining a safe, orderly, and productive school environment will help assure success for all students.

We encourage all students to work hard to meet high standards and prepare themselves to meet rigorous benchmarks of achievement. We also encourage families to be active participants in their children's educational programs. We look forward to working together!

**\*\* As used in this policy, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 125.300 (4) and 125.300 – 125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of the factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 109.056. For special education students, parent also includes a surrogate parent, an adult student to whom rights have transferred and foster parent as defined in OAR 581-015-2000.**

## **PREFACE**

The material covered within this student handbook is intended as a method of communicating to students and parents regarding general district information, rules, and procedures and is not intended to either enlarge or diminish any Board policy, administrative regulation, or collective bargaining agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation, or collective bargaining agreement. Board policies are available on the district website.

Any information contained in this student handbook is subject to unilateral revision or elimination from time to time without notice.

Neah-Kah-Nie School District prohibits discrimination and harassment on any basis protected by law, including but not limited to, an individual's perceived or actual race, religion, color, national or ethnic origin, mental or physical disability, marital status, sex, sexual orientation, age, pregnancy, familial status, economic status, veterans' status, or genetic information in providing education or access to benefits of education services, activities and programs in accordance with Titles VI, Title VII, Title IX and other civil rights or discrimination issues; Section 504 of the Rehabilitation Act of 1973, as amended; the Americans with Disabilities Act; and the Americans with Disabilities Act Amendments Act of 2008, Title II of the Genetic Information Nondiscrimination act of 2008.

The following have been designated to coordinate compliance with these legal requirements and may be contacted at the Neah-Kah-Nie School District office for additional information and/or compliance issues: Paul Erlebach.

Procedure for filing a complaint can be found on the district's home page at [nknsd.org](http://nknsd.org).

Parents and students acknowledge receipt of the Student Code of Conduct and the consequences to students who violate district disciplinary policies.

Parents objecting to the release of directory information on their student should notify the district office within 15 days of receipt of the student handbook. Parents must also give their signed and dated written permission for the district to release personally identifiable information.

## **ACADEMIC INTEGRITY**

Students are expected to put forth their best effort on tests and assignments. Assisting others is prohibited when it would constitute academic dishonesty. Prohibited events include, but are not limited to, using or sharing prohibited study aides or other written materials on tests and assignments. Academic dishonesty also includes sharing, collaborating or communicating with others on tests or assignments, before or during tests or assignments in violation of directions by the class instructor. Academic dishonesty may also include knowingly sharing false information or knowingly misleading another to reach a false answer or conclusion.

Violation of the policy may result in discipline as deemed appropriate by the instructor or administration, based on the nature and seriousness of the offense.

## **ANIMALS IN THE SCHOOL**

Only service animals, as defined in the Americans with Disabilities Act, serving persons with a disability and animals approved by the superintendent that are part of an approved district curriculum or co-curricular activity are allowed in district facilities.

Companion and comfort animals are not considered service animals.

Animals, except those service animals serving persons with a disability, may not be transported on a school bus.

## **ADMISSION\*\***

A student seeking enrollment in district elementary schools for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements. Students who do not have a fixed place of residence in the district and those who become homeless may still attend school.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a non-resident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons law and who subsequently becomes a resident of the district or who applies for admission to the district as a non-resident student.

Alternative educational services will not be provided to students expelled from another school district for violation of applicable state or federal weapons law and who subsequently becomes a resident of the district.

While parents have the option of placing their students in a private school or obtaining additional services, (such as tutoring), from a private individual or organization, the district is not obligated to cover resulting tuition or costs. If a parent wishes the district to consider a publicly-funded private placement or private services, the parent must give the district notice and opportunity to propose other options available within the public school system before the private placement or services are obtained.

A parent(s) of any student receiving regular education, Section 504 of the Rehabilitation Act of 1973 or Individuals with Disabilities Education Act (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the parent's intent to obtain private services, the parent's rejection of the educational program offered by the district and the parent's request that the private services be funded by the district. Failure to meet these notice requirements may result in a denial of any subsequent reimbursement request.

## **ALTERNATIVE EDUCATION PROGRAMS \*\***

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have

exceeded all of Oregon’s academic content standards; when necessary to meet a student’s educational needs and interests; to assist students in achieving district and state academic standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district may, based on district criteria, provide alternative education programs for students expelled for violation of applicable state or federal weapons law.

1. When two or more severe disciplinary problems occur within a three-year period (Severe disciplinary problems will be defined in the Student Code of Conduct);
2. When attendance is so erratic the student is not benefitting from the educational program (Erratic attendance will be defined on a case-by-case basis.);
3. When an expulsion is being considered; \*
4. When a student is expelled;\*

1. The student's action;
2. A list of alternative education programs for the student;

4. Procedures for enrolling the student in the recommended program.

\* The district will not provide alternative education programs for students expelled for violations of applicable state or federal weapon laws.

### **ANNUAL NOTICE**

The school district is required to provide annual notice to parents in response to several different state and federal regulations; this information may be accessed on the district website (<http://www.nknsd.org>).

## **ASBESTOS**

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having their buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

The district's Director of Facilities, Grounds and Maintenance serves as the district's asbestos program manager and may be reached for additional information at the school district office.

## **ASSEMBLIES**

A variety of assemblies are scheduled during the school year. Programs and assemblies may feature awards and/or recognition, concerts, speakers, films, and performing groups. Parents are welcomed and encouraged to attend all assembly programs. A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Code of Conduct during an assembly shall be subject to disciplinary action.

## **ASSESSMENT PROGRAM**

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education.

Students may opt-out of the statewide summative assessments as provided by state law. The district shall provide the required notice and necessary forms for opting-out of the statewide assessments to the student. The district shall provide supervised study time for students who are excused from participating in the assessment.

## **ASSIGNMENT OF STUDENTS TO CLASSES**

Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations. We hope families will trust our professional judgment regarding placement. If there are serious circumstances occurring, parent requests to place a student in a particular class may be submitted to the building principal prior to June 1 of the school year in question, or no later than six weeks prior to a semester break during a school year. Requests to change a student's assigned class at other times must be directed to the building principal. Final decisions are the responsibility of the building principal or designee.

## **ASSIGNMENT OF STUDENTS TO SCHOOLS**

Students are required to attend the school in the attendance area in which they reside, unless as otherwise provided by state and federal law. Exceptions may be allowed in certain circumstances. Contact the school office for additional information.

### **ATTENDANCE\*\***

All students between the ages of 6 and 18, who have not completed grade 12 are required to regularly attend a public full-time school unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law. All students five or six years of age who have been enrolled in a public school are required to attend regularly.

The district will notify the parent in writing and in the native language of the parent, that, in accordance with law, the superintendent will schedule a conference with the non-attending student and their parent(s) to discuss attendance requirements. At this time the parent has the right to request an evaluation to determine if the student should have an individualized education program (IEP) or a review of the student's current IEP.

Any person having legal control of a student between the ages of 6 and 18, who has not completed the 12th grade, and who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has failed to attend school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

### **Absences and Excuses**

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. A student's absence from school or class will be excused under the following circumstances:

1. Illness, including mental and behavioral health of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Student is a dependent of a member of the U.S. Armed Forces' who is on active duty or who is called to active duty. The student may be excused for up to seven days during the school year;
5. Field trips and school-approved activities;
6. Medical or dental appointments. Confirmation of appointments may be required;
7. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a parent or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the parent or guardian. If the parent or guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal or religious considerations.

A student who must leave school during the day, must bring a note from their parent. A student who becomes ill during the school day should, with the teacher's permission, report to the office. The office staff will decide whether or not the student should be sent home and will notify the student's parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment.

Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason will not be allowed to participate in school-related activities on that day or evening.

### **Truancy**

A student who is absent from school or from any class without permission will be considered truant and may be subject to disciplinary action including detention, suspension, ineligibility to participate in athletics or other activities.

## **BICYCLES/SKATEBOARDS**

Anything ridden to school by students must be parked in the designated area on school grounds and should be locked; skateboards must be left in the office during school hours. Students under the age of 16 must wear a helmet and other safety gear as required by law.

The district assumes no responsibility or liability for loss or damage.

## **CLUBS AND ORGANIZATIONS**

Student clubs and performing groups such as the band, choir, student government, and athletic teams may establish rules of conduct- and consequences for misconduct- that are more strict than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization.

## COMMUNICABLE DISEASES\*\*

Parents of a student with a communicable or contagious disease are asked to telephone the school office so that other students who have been exposed to the disease can be alerted. A student with certain school restricted diseases are not allowed to come to school while the disease is contagious. In accordance with the federal Gun-Free School Zone Act, possession or discharge of a firearm in a “school zone” is prohibited. A “school zone,” as defined by federal law means, in or on school grounds or within 1,000 feet of school grounds.

## **CONFERENCES**

Regular conferences are scheduled annually in the fall to review student progress.

Students and parents may also expect teachers to request a conference;

- 1) if the student is not maintaining passing grades or achieving the expected level of performance;
- 2) if the student is not maintaining behavior expectations or
- 3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or principal. A parent who wishes to contact a teacher, counselor, or principal may call the office for an appointment or request that the staff member call the parent to arrange a mutually convenient time.

## **COUNSELING\*\***

### **Academic Counseling**

Students are encouraged to talk with a district counselor, teachers and building administrators in order to learn about the curriculum, course offerings and graduation requirements.

### **Personal Counseling**

A counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, alcohol or tobacco dependency. The counselor may also make available information about community resources to address personal concerns.

## **CYBERBULLYING**

The district prohibits any form of harassment through electronic means, which is known as cyberbullying. A student may be subject to discipline, up to and including expulsion, for a violation. A student may also be referred to law enforcement for a violation. Students or volunteers may report cyberbullying anonymously. Remedial action shall not be based solely on anonymous report.

## **DAMAGE TO DISTRICT PROPERTY**

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. If the cost is \$50 or more, the district will notify the student and parent. The district will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and the student's grade report, diploma and records may be withheld. (See Fee, Fines and Charges)

## **DISCIPLINE/DUE PROCESS\*\***

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators. Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Disciplinary measures are applied depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits drug, alcohol and/or tobacco-related offenses or any other criminal act, they may also be referred to law enforcement officials.

### **Detention/Rule School**

A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student's

transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.

## **Suspension**

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which damages or injures district property.

The district may require a student to attend school during non-school hours as an alternative to suspension

An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

## **Expulsion**

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective; except that expulsion may not be used to address truancy; or c) when required by law.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

Non-accidental conduct causing serious physical harm to a student or employee;  
When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or  
When the expulsion is required by law.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See Alternative Education Programs and notice in this handbook.

## **Discipline of Students with Disabilities**

When a student being served by an individualized educational program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for nondisabled student, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability; the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

## **DISTRIBUTION OF MATERIAL**

All aspects of K-5 school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a non-student without the approval of administration.

Materials not under the editorial control of the district may be subject to administrative review, restricted or prohibited, based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience poorly written, inadequately researched, is biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias. Materials include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction for approval of the district. The district may designate the time, place and manner for distribution. All materials requested for distribution require approval of the administration.

If the material is not approved within 24 hours of the time it was submitted, it must be considered disapproved. A nonapproval may be appealed to the superintendent; if the material is not approved by the superintendent (or

designee) within 3 days is considered non approved. This non approval may be appealed to the Board at its next regular meeting, when the individual shall have a reasonable period of time to present their viewpoint.

## **DRESS AND GROOMING**

Students' dress while at school, or during school sponsored activities, must be appropriate for grooming and hygiene, prevention of disruption, and avoid safety hazards.

Students participating in some school activities, such as field trips, may be required to meet additional dress and grooming standards approved by the principal or designee and may be denied the opportunity to participate if those standards are not met.

To stay in line with the expectations of the other schools in the district, the following specifics have been added to the dress code.

- Clothing or other adornments which promote alcohol/tobacco/drugs, or have offensive/profane pictures or sayings are not permitted.
- Clothing must cover the back and the front of the student (bare midriff, bare lower back while sitting and/or standing, halter tops, spaghetti straps, low cut, extremely short or see through clothing, and exposed undergarments are not acceptable).
- Jewelry that could accidentally or intentionally inflict injury to oneself or others (sharp items, nails, pins, spikes, chains, or the like).
- If students are found to be in conflict with dress code, the student will be given an opportunity to make the necessary corrections. If this is not possible, the office will need to intervene with a change of clothing or contact home for alternate clothing. In all cases, it is our desire to maintain the dignity of the student.

## **EMERGENCY DRILLS -FIRE, EARTHQUAKE/TSUNAMI**

### **AND OTHER EMERGENCY DRILLS**

Instruction on fire, earthquake/tsunami dangers and drills for students shall be conducted for at least 30 minutes each school month.

At least one fire drill, which include routes and methods of exiting the school building, will be conducted each month for students in grades K-12.

At least two drills on earthquakes/tsunami and two drills for safety threats for students will be conducted each year for students in grades K-12. Drills and instruction on safety threats shall include procedures related to lockdown, lockout, shelter in place and evacuation and other actions to take when there is a threat to safety.

A map/diagram of the fire escape route to be followed is posted near all classroom doorways and reviewed with students. When the fire alarm is sounded, students must follow the direction of staff quickly, quietly and in an orderly fashion.

## **DRUGS, ALCOHOL AND TOBACCO PREVENTION PROGRAM**

The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products and inhalant delivery systems are strictly prohibited. This includes possession, selling and/or use of alcohol, tobacco, drugs or drug paraphernalia at school during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Students in violation of the district's drug, alcohol and tobacco policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct, district policy and applicable state and/or federal laws.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

Staff receive training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

Parents are encouraged to contact the school counselor for information on district and community resources available to assist students in need.

## **EMERGENCY MEDICAL TREATMENT**

A student who becomes ill or is injured at school must notify their teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment. In the event that a student is transported, parents are responsible for ambulance and medical costs.

## **EMERGENCY SCHOOL CLOSING INFORMATION**

In case of hazardous or emergency conditions, the superintendent may alter district and transportation schedules, as are appropriate to the particular condition. Such alterations may include closure of all schools,

closure of selected schools or grade levels, delayed openings of schools and early dismissal of students.

Notice will include the reason the student owes money to the district, and itemization of the fees, fines or damages owed and the right of the parent to request a hearing.

Debts not paid within 10 calendar days of the district's notice to the student and parent will result in possible restrictions and/or penalties, until the debt is paid, and possible referral of the debt to a private collection agency or other methods available to the district.

A request to waive the student's debt must be submitted in writing to the principal or designee. Fees, fines and charges owed to the district may be waived at the discretion of the principal or designee if:

1. The district determines that the parent of the student is unable to pay the debt;
2. The payment of the debt could impact the health or safety of the student;
