RE: Internet connectivity paid by grant funding

Neah-Kah-Nie Parents,

During the school district's Comprehensive Distance Learning/Hybrid model of instruction, the school district was able to use federal funds to assist some families with internet connectivity expenses. This financial assistance was very much appreciated by families in order to secure stable internet access for online instruction. At the end of the school year, June 16, the Neah-Kah-Nie School District will no longer be responsible for internet costs associated with this program.

If you have any questions, please contact your internet provider or school principal.

Thank you and be safe,
