Student placement will be based on Nehalem Elementary staff recommendations derived from our cumulative knowledge of a student's individual learning needs, personal characteristics and our desire to have balanced classrooms. We hope families will trust our professional judgment regarding their student's placement and not try to make requests. Final decision will be made by the building principal based on all of the factors. Due to uncertain summer time enrollment, final class lists will be posted in Parent Vue right before Labor Day Weekend in September.

Mrs. Jennifer

We made it! Another year in the books. It has been an honor working with your children this year, helping them foster growth in their social emotional skills.

As we head into summer I'd like to share some ideas to continue your child's social emotional learning...

- Supporting children during big emotions is crucial in building their emotional intelligence. As adults, modeling for them the recognition of our own feelings and tools to work through them is so beneficial. for kids. Below is a script as a starting point to help your kiddos work through big emotions:

BIG EMOTION COACHING

1. ACKNOWLEDGE THE EMOTION

Let the Child know that you see they are experiencing an emotion

SAY: I can see something is bothering you.

2. LABEL THE EMOTION

Help the child understand what emotion they may be feeling

SAY: where is your energy level - high or low? Are you feeling comfortable or uncomfortable?

3. VALIDATE THE EMOTION

All emotions are valid even if the emotion doesn't fit the problem

SAY: It sounds like you feel _____ because of _____. Does that sound right?

Help your child problem solve

SADNESS needs comfort

SAY: It's ok to cry, do you want a hug?

ANGER needs patience

SAY: I'm going to wait over here until you are ready.

ANXIETY needs security

SAY: You're safe, I'm here for you. Tell me about it.

I hope you have a great summer!

Love Ms. Jennifer
